eBookery

Books at your fingertips

by Mateusz Czarnecki

P R O J E C T **OVERVIEW**

Project goals

eBookery is a user-friendly and convenient online platform that offers a wide variety of eBooks.

It is designed for both users and administrators of the platform.

Who is the app for

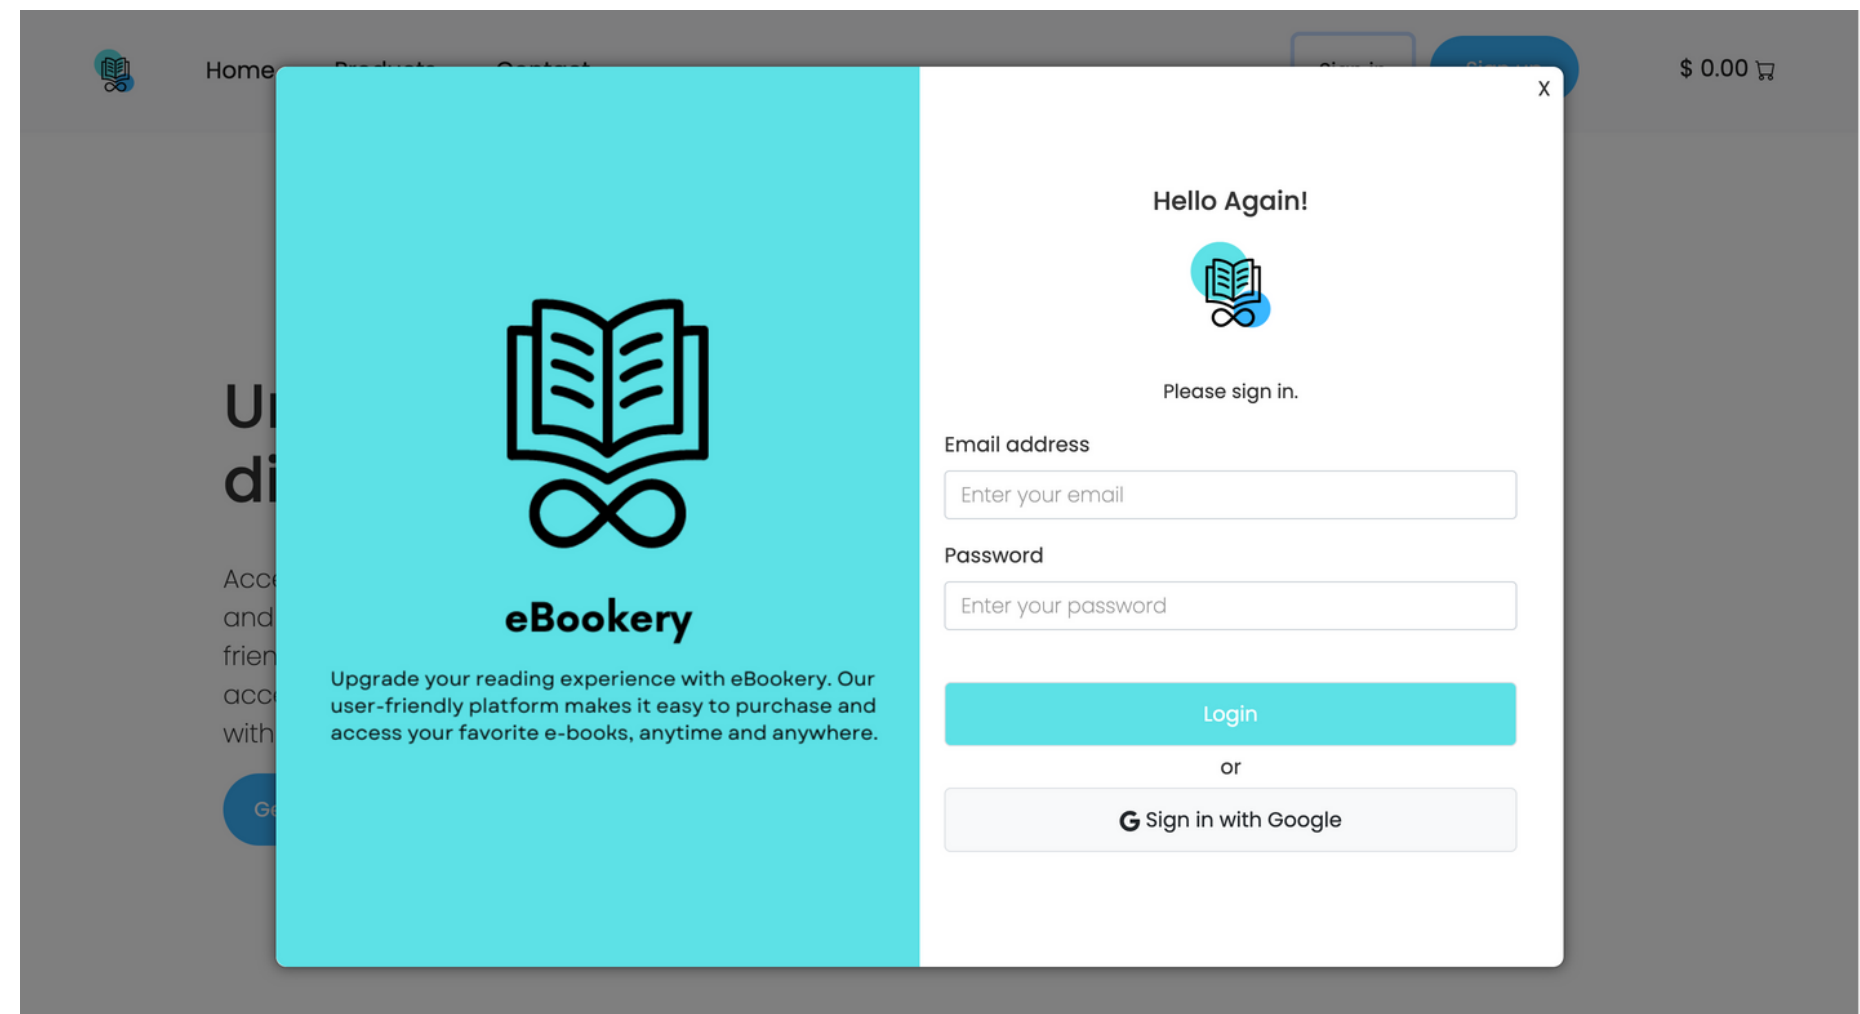

The eBookery app is perfect for anyone who loves reading and wants to discover new books. Basically, if you enjoy reading or want to get into it, this app is for you!

PROJECT FEATURES

Thanks to the built in user-account system, users are able to register, login and access their individual account page

The screenshot displays the user account interface for 'eBookery'. At the top, a navigation bar includes a logo, links for 'Home', 'Products', 'Contact', and 'My account' (which is highlighted), a 'Log out' button, and a shopping cart icon showing '\$ 0.00'. The main content area begins with a 'Welcome, Maciek!' message and an 'Admin panel' button. Below this is the 'Account Details' section, which contains four input fields: 'First Name' (filled with 'Maciek'), 'Last Name' (filled with 'Kasa'), 'Email' (filled with 'pansutek@gmail.com'), and 'Phone Number' (filled with '+52525252'). A blue 'Save Changes' button is positioned at the bottom of this section. To the right of the form is the eBookery logo, which features a stylized open book and an infinity symbol, with the text 'eBookery' and 'Books at your fingertips' underneath.

PROJECT FEATURES

The application provides an administrative panel, enabling the shop owner to manage the app users, change their profile details as well as delete and add new users.

App admins are able to view user order history as well as add add, update and delete the new e-books.

ADMIN PANEL

04

The screenshot displays the Admin Panel interface. At the top, there is a navigation bar with a logo, links for Home, Products, Contact, and My account (highlighted), a Log out button, and a shopping cart icon showing \$ 0.00. The main content area is divided into two sections. On the left, the 'Users' section features a search bar and a list of users: 'mati - pansutek@gmail.com', 'test - test@test.test', 'mati555 - mati555@gmail.com', and 'mati79 - mati79@gmail.com'. Below the list is an 'Add New User' button. On the right, the 'User Details' section shows a form for editing a user's profile. The form includes fields for Username (mati), Email (mati@metropolia.fi), First Name (Maciek), Last Name (Kasa), and Phone. A green success message 'Profile details updated successfully!' is displayed above the 'Update User' and 'Delete User' buttons.

Users	User Details
<input type="text" value="Search users..."/>	<input type="text" value="Username: mati"/>
<input type="text" value="mati - pansutek@gmail.com"/>	<input type="text" value="Email: mati@metropolia.fi"/>
<input type="text" value="test - test@test.test"/>	<input type="text" value="First Name: Maciek"/>
<input type="text" value="mati555 - mati555@gmail.com"/>	<input type="text" value="Last Name: Kasa"/>
<input type="text" value="mati79 - mati79@gmail.com"/>	<input type="text" value="Phone:"/>
<input type="button" value="Add New User"/>	<div>Profile details updated successfully!</div>
	<input type="button" value="Update User"/> <input type="button" value="Delete User"/>
